

MY HOME OFFICE

# Home Office Solutions

If you use computers at home for work or leisure, we can help with all your technology needs. We offer expert advice on a wide range of solutions, from choosing the right products to full installation support

## Professional Installation

Sometimes it can be a challenge to get new products set up, or working with your home systems. Our professional service takes care of that, from basic to advanced installation.

- Computer, Mac, PC's, Servers Installed
- Networks, Wireless Installation
- Printers, Scanners, copiers, cameras
- iPhone, Tablets, Smart Phone set up

## Migration

Moving to a new PC, or Smartphone can be complicated, we can transfer date, email, music or photos for you.

- Moving from an old PC to new
- Moving from a PC to Mac
- Moving to an iPhone, Blackberry, or Android phone
- Transfer or migrate email, programs, software data

## Digital Home Services

We can help set everything up

- Smart TV and Apple TV Set up
- iTunes set up and configuration
- Sonos Music System installation
- Share photos, music and media
- Digital Media storage servers

## Multi PC Solutions

If you have more than one PC in your home, we have

a range of solutions to help you do more:

- Share files, documents
- Centralised storage
- Back up for all of your computers
- Multi User Licences for Security
- Software Licences
- Network Solutions
